OFFICE OF PETITIONS

In re Application of :
Balloni :
Application No. 09/745,320 : DECISION ON PETITION
Filed: 21 December, 2000 :
Attorney Docket No. 15-NM-5334 (7019/251) :

This is a decision on the petition, filed 23 June, 2004, to revive the instant nonprovisional application under the provisions of 37 C.F.R. §1.137(f).

The petition is **GRANTED**.

Petitioner states that the instant nonprovisional application is the subject of an application filed in a foreign country on 17 December, 2001. Moreover, Petitioner submitted the instant petition (recission request inherent) on 23 June, 2004, the date she learned of the error.

Thus, Petitioner alleges that she unintentionally failed to notify the U.S. Patent and Trademark Office of this filing of the subject application in a foreign country within 45 days of that filing.

In view of the above, this application became abandoned pursuant to 35 U.S.C. §122(b)(2)(B)(iii) and 37 C.F.R. §1.213(c) for failure to timely notify the Office of the filing of an application in a foreign country, or under a multilateral international agreement, that requires publication of applications 18 months after filing.

A petition under 37 C.F.R. §1.137(f) must be accompanied by:

- (1) the reply--which is met by the notification of such filing in a foreign country or under a multinational treaty;
- (2) the petition fee as set forth in 37 C.F.R. §1.17(m); and

(3) a statement that the entire delay in filing the required reply from the due date of the reply until the filing of a grantable petition was unintentional.

The instant petition has been found to be in compliance with 37 C.F.R. §1.137(f). Accordingly, the failure to timely notify the Office of a foreign or international filing within 45 days after the date of filing of such foreign or international application as provided by 35 U.S.C. §122(b)(2)(B)(iii) and 37 C.F.R. §1.213(c) is accepted as having been unintentionally delayed.

The previous Request and Certification under 35 U.S.C. §122(b)(2)(B)(I) has been rescinded. A Notice Regarding Rescission of Nonpublication Request, which sets forth the projected publication date of 23 December, 2004, accompanies this decision.

This application is being released to Technology Center 3700 for further processing in due course.

Inquiries concerning this decision may be directed to the undersigned at (703) 305-9199.

John J. Gillon, Jr.
Senior Attorney
Office of Petitions

Communication Regarding Rescission Of Nonpublication Request and/or Notice of Foreign Filing

Applicant's rescission of the previously-filed nonpublication request and/or notice of foreign filing is acknowledged. The paper has been reflected in the Patent and Trademark Office's (USPTO's) computer records so that the earliest possible projected publication date can be assigned.

The projected publication date is 12/23/2004.

If applicant rescinded the nonpublication request before or on the date of "foreign filing,"¹ then no notice of foreign filing is required.

If applicant foreign filed the application after filing the above application and before filing the rescission, and the rescission did not also include a notice of foreign filing, then a notice of foreign filing (not merely a rescission) is required to be filed within 45 days of the date of foreign filing. See 35 U.S.C. § 122(b)(2)(B)(iii), and Clarification of the United States Patent and Trademark Office's Interpretation of the Provisions of 35 U.S.C. § 122(b)(2)(B)(ii)-(iv), 1272 Off. Gaz. Pat. Office 22 (July 1, 2003).

If a notice of foreign filing is required and is not filed within 45 days of the date of foreign filing, then the application becomes abandoned pursuant to 35 U.S.C. § 122(b)(2)(B)(iii). In this situation, applicant should either file a petition to revive or notify the Office that the application is abandoned. See 37 CFR 1.137(f). Any such petition to revive will be forwarded to the Office of Petitions for a decision. Note that the filing of the petition will not operate to stay any period of reply that may be running against the application.

Questions regarding petitions to revive should be directed to the Office of Petitions at (703) 305-9282. Questions regarding publications of patent applications should be directed to the patent application publication hotline at (703) 605-4283 or by e-mail pgpub@uspto.gov.

¹ Note, for purpose of this notice, that "foreign filing" means "filing an application directed to the same invention in another country, or under a multilateral international agreement, that requires publication of applications 18 months after filing".
